ELKO | FALLON

A part of the Farm Credit System. Equal Opportunity Lender.
On behalf of the Fallon Bull Sale Committee, I would like you to consider this as your personal invitation to come and be part of our 49th Annual Fallon All Breeds Bull Sale. For the past 48 years we have taken a great deal of pride in having quality consignments of range ready bulls for the Western U.S.

We also want to thank all of our buyers and consignors, especially those who have loyally supported our sale, our industry and our association, year after year. Without each of you this sale would not be possible.

Every year our goal is to work with past, present and future consignors to maintain the quality of bulls we have achieved as part of this sale. We feel with the offering in the catalog, our buyers can add significant value to their operations. As one of the best sales in the State, we strive to meet the standards our buyers want for their programs. If there is something we can do to meet the needs of our buyers, and consignors, in this and future sales, please feel free to let the Fallon Bull Sale Committee know.

We hope you enjoy the hospitality of the Fallon Community. Take the opportunity to watch the Invitational Stock Dog Trial, kick up your heels at the Churchill County Cowbelles Dinner and Dance, visit with consignors about any bulls you may be interested in, and have a great weekend.

Thank you again to our loyal buyers and consignors from previous sales. I would also like to thank the Fallon Bull Sale Committee, our generous sponsors, the Fallon Livestock Exchange, the Churchill County Cowbelles, the Nevada Cattlemen’s Association office Staff, the Fallon Convention and Tourism Authority, and the Churchill County FFA for all their help in putting on a great sale and Dinner Dance.

Best regards,

Chris Gansberg
Chairman, Fallon Bull Sale Committee
Thank You!

**SALE VETERINARIAN:**
Dr. Randy Wallstrum, DVM is the Sale Veterinarian. For questions regarding requirements or other matters related to health please contact Dr. Randy Wallstrum, DVM at 775-782-3855, or by mail at: P O Box 2001, Gardnerville, NV 89410

**REQUIRED INJECTIONS**

1. **CLOSTRIDIAL:** 8-Way vaccine within 60 days of the sale.

2. **RESPIRATORY VACCINE:** This vaccine must include Infectious Bovine Rhinotracheitis (IBR), Bovine Viral Diarrhea (BVD Type I and Type II), Parainfluenza (PI3), Bovine Respiratory Syncytial Virus (BRSV) within 60 days of the sale.

3. **IVERMECTIN:** All bulls must have an Ivermectin injection (1cc per 110 lbs.) or pour on (1 cc per 22 lbs.) within 60 days of the sale.

**REQUIRED TESTS**

4. **TRICHOMONIASIS:** All bulls must have a negative Trichomoniasis test within 30 days of the sale. A copy of the official laboratory report of the Trichomoniasis tested bulls must be submitted with the health form.

5. **BVD TEST:** All bulls must have a negative test for persistent BVD infection by either ear-notch method or blood test method. This test can be done at any time and is good for the lifetime of the animal.

6. **SEmen TESTING:** All bulls must be semen tested by a licensed veterinarian within 60 days prior to the sale. Test results must be turned in upon arrival along with other health documents. For bulls to be classified as Satisfactory Potential Breeders, they must pass the physical examination and equal or exceed the minimum thresholds in each of the following three categories:

<table>
<thead>
<tr>
<th>Scrotal Circumference</th>
<th>Morphology</th>
<th>Motility</th>
</tr>
</thead>
<tbody>
<tr>
<td>30 cm at ≤ 15 mo</td>
<td>&gt; 70% Normal Sperm</td>
<td>&gt; 30% Linear Motility</td>
</tr>
<tr>
<td>31 cm at 16 - 18 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>32 cm at 19 - 21 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>34 cm at 25 mo or older</td>
<td>≥ 70% normal sperm</td>
<td>≥ 30% individual motility</td>
</tr>
</tbody>
</table>

- **Satisfactory (S):** Bulls which equal or surpass the minimum thresholds for scrotal circumference, sperm motility and sperm morphology, and which do not show genetic, infectious or other problems or faults which could compromise breeding or fertility.

- **Unsatisfactory:** Bulls which are below one or more thresholds. Also, bulls which show genetic faults or irrevocable physical problems (including infectious disease) which would compromise breeding or fertility.

7. **BRUCELLOSIS:** Brucellosis testing is encouraged but not required. However, if a bull is purchased by someone from a state requiring brucellosis testing for entry and the bull does not have a certified brucellosis test, that bull will be subjected to the one day brucellosis test procedure in Fallon, and all expenses will be the buyer’s responsibility.

8. **TB:** TB testing is encouraged but not required. However, if a bull is purchased by someone from a state requiring TB testing for entry and the bull does not have a certified TB test, that bull will be subjected to the three day TB test procedure in Fallon, and all expenses will be the buyer’s responsibility. California TB status has been down-graded from a TB Free State to Modified Accredited status.

9. **GENETIC DISORDERS:** All bulls that are potential carriers of breed associations’ recognized genetic defects must be tested. Carriers are not eligible for the sale. **Results of the tests must be submitted by December 1, 2014.**
SALE TERMS AND CONDITIONS

1. Stock is held at buyer’s risk from the time of sale. Buyers will be responsible for making feed arrangements with Fallon Livestock Exchange for any bulls remaining on the sale grounds after 10:00 a.m. Sunday.

2. Buyers who can prove they purchased a bull, which is a non-breeder, should contact the consignor within 90 days of the sale. If the consignor cannot prove the bull to be a breeder, the consignor is to make satisfactory settlement with the purchaser. Except for transportation between the purchaser’s ranch and Fallon, which will be paid by the purchaser, all other expenses incurred, including transportation, vet examinations, and transfers will be paid by the consignor.

3. Sifted bulls may only be sold after the conclusion of the sale. All bull sale transactions must go through sale office.

4. Only bona-fide bids will be accepted. All buyers must obtain a buyer’s number from the office at Fallon Livestock Exchange prior to bidding. Misunderstandings or disputes as to bids will be settled by the auctioneer. If there is doubt as to the bid, the auctioneer will cancel all bids and reopen the sale of the lot. In bidding, no increase in bid of less than $5.00 will be considered on any bulls.

5. Terms of this sale are cash, check, or credit card and must be paid in full the day of the sale, unless other arrangements have been made with the Fallon Bull Sale Committee Chairman or Sale Secretary. Make checks payable to the order of: NEVADA CATTLEMEN’S ASSOCIATION.

6. Sale sponsor will make every effort to conduct the sale in an honorable manner, will not allow false practice or false bidding, and will strive to protect buyer and seller in every way possible, but the sponsoring organization will not assume any liability whatsoever, under any circumstances.

7. No bulls will be released for shipment prior to the close of the sale for any reason (excepting for severe animal health reasons, e.g. broken leg).

8. The registration certificates and transfers will be mailed to the appropriate Breed Associations immediately after the sale by the sale office.

9. Buyers must obtain a Brand Inspection certificate from the onsite Band Inspector, and a Health Certificate from the Sale Veterinarian for those bulls being transported out of Nevada. Only Brand Inspections are required for in state transportation.

Thank You for Your Support of the Nevada Cattlemen’s Association Through the Contributions for the “Dues Calf” During Its Auction at the Fallon Bull Sale!

In order to lessen confusion about how “Dues Calf” monies are applied for “In Lieu” of NCA Dues we offer the following:

Those persons who are not now members of NCA, but want to start a new membership, payments made in the Auction for the “Dues Calf” will be applied to start their new membership. For current members of NCA who have not yet paid their 2014-2015 dues, auction payments for the “Dues Calf” will be applied toward renewing their membership for the current year. For those NCA members who have already renewed their membership and are current in their dues, any and all amounts paid in the Auction for the “Dues Calf” will be applied as a separate contribution supporting NCA activities and will not be applied to dues payments.

ACTUAL BIRTH WEIGHT: 78#  
Don’t miss this bull. Extreme depth & thickness, tremendous muscle & hind quarter. Dark with big, goggle eyes & lots of pigment. Growth & milk in one package.
There is no mama like a Hereford-sired mama.

Net income of $51 more per cow per year and a 7% advantage in conception rate compared to straight Angus females. All this from a bull that is known for its fertility and easy going nature. Hereford bulls—better mamas and no headaches.

Adding Hereford genetics to your herd makes perfect business sense in a cost-driven economy. Excellent conversion, hardness, fertility, longevity and even disposition can help reduce input costs. These Hereford efficiencies are ideal for your herd, your business and your plans for the future in the beef industry. Low-maintenance cattle, long term profit.

Birth Weight 82#

Moderate birth weight bull with solid growth and carcass.
Growth Bull with Carcass

*Amador New Day 8809 3834*

Look at the DNA to see the carcass value of this bull. This rare New Day son has both breed leading marbling and breed leading low back-fat. The DNA places him in the top 20% for carcass weight, top 17% for marbling, top 22% for rib eye, and top 18% for back-fat.

Marb+.88, WW +52, $B +89.00

---

The Complete Package

*Amador Country 9818 3837*

Here is an outcross pedigree that put it all together. This low birth Cross Country Son has all of the date in the right places and his Grand-dam lasted 14 years in our herd and left with a perfect udder. He has a birth weight ratio of 96 and a weaning ratio of 106! This bull excels for carcass quality, high growth, low birth, and the DNA indicates top 8% for feed efficiency.

CED = 12, CEM +12, YW +98,
Marb +.69, $W 37.48

---

Elite Calving

*Amador Top Answer 1816 3835*

This curve bender is in the top 10% or better for all the ways to measure calving-ease, while still be in the top 20% for growth. The females from the Right Answer son should be great.
