We’ve been here since 1916 helping you grow, raise, harvest and nurture the future of agriculture. Here’s looking forward to the next century of success.

Call 800.800.4865 today or visit AgLoan.com
On behalf of the Fallon Bull Sale Committee, I would like you to consider this as your personal invitation to come and be part of our 50th Annual Fallon All Breeds Bull Sale. For the past 49 years we have taken a great deal of pride in having quality consignments of range ready bulls for the Western U.S.

We also want to thank all of our buyers and consignors, especially those who have loyally supported our sale, our industry and our association, year after year. Without each of you this sale would not be possible.

We are proud to present these bulls in this special 50th Anniversary Sale. Every year our goal is to work with past, present and future consignors to maintain the quality of bulls we have achieved. We feel with the offering in the catalog, our buyers can add significant value to their operations. As one of the best sales in the State, we strive to meet the standards our buyers want for their programs. If there is something we can do to meet the needs of our buyers, and consignors, in this and future sales, please feel free to let the Fallon Bull Sale Committee know.

We hope you enjoy the hospitality of the Fallon Community. Take the opportunity to watch the Invitational Stock Dog Trial, kick up your heels at the Churchill County Cowbelles Dinner and Dance, visit with consignors about any bulls you may be interested in, and have a great weekend.

Thank you again to our loyal buyers and consignors from previous sales. I would also like to thank the Fallon Bull Sale Committee, our generous sponsors, the Fallon Livestock Exchange, the Nevada Cattlemen’s Association office staff, the Fallon Convention and Tourism Authority and Churchill County FFA for all their help in putting on a great sale.

Best regards,

Chris Gansberg
Chairman, Fallon Bull Sale Committee
We would like to give thanks to a few of the many people who have helped make our sale a success.

SALE VETERINARIAN:
Randy Wallstrom, DVM is the Sale Veterinarian. Should you have questions regarding health requirements, you may contact Dr. Wallstrom at: Box 2001, Gardnerville, NV, 89410, 775-782-3855.

BULL IDENTIFICATION:
To move bulls interstate, each bull is required by Federal regulation to travel with a Certificate of Veterinary Inspection (CVI) that lists each bull by one of the following means of identification:
1. Silver Bright metal ear tag (Federally approved)
2. EID/RFID ear tag
3. Breed Registration tattoo along with a copy of the Breed Registration certificate

OFFICIAL INTERSTATE HEALTH CERTIFICATE:
Each consignor must submit a “blanket” official interstate health certificate signed by a licensed veterinarian listing each individual animal in the consignment. (One official health certificate may cover all animals for an individual consignor.)

REQUIRED INJECTIONS
1. CLOSTRIDIAL: 8-Way vaccine within 60 days of the sale
2. RESPIRATORY VACCINE: This vaccine must include Infectious Bovine Rhinotracheitis (IBR), Bovine Viral Diarrhea (BVD Type I and Type II), Parainfluenza (PI3), Bovine Respiratory Syncytial Virus (BRSV) within 60 days of the sale.
3. IVERMECTIN: All bulls must have an Ivermectin injection (1cc per 110 lbs.) or pour on (1 cc per 22 lbs.) within 60 days of the sale.

REQUIRED TESTS
1. TRICHOMONIASIS: All bulls must have a negative Trichomoniasis test within 30 days of the sale. A COPY OF THE OFFICIAL LABORATORY REPORT OF THE TRICHOMONIASIS TESTED BULLS MUST BE SUBMITTED WITH THE HEALTH FORM.
2. BVD TEST: All bulls must have a negative test for persistent BVD infection by either ear-notch method or blood test method. This test can be done at any time and is good for the lifetime of the animal.
3. SEMEN TESTING: All bulls must be semen tested by a licensed veterinarian within 60 days prior to the sale. Test results must be turned in upon arrival along with other health documents. For bulls to be classified as Satisfactory Potential Breeders, they must pass the physical examination and equal or exceed the minimum thresholds in each of the following three categories:

<table>
<thead>
<tr>
<th>Scrotal Circumference</th>
<th>Morphology</th>
<th>Motility</th>
</tr>
</thead>
<tbody>
<tr>
<td>30 cm at ≤ 15 mo</td>
<td>&gt; 70 % Normal Sperm</td>
<td>&gt; 30 % Linear Motility</td>
</tr>
<tr>
<td>31 cm at 16 - 18 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>32 cm at 19 - 21 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>34 cm at 25 mo or older</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

- Satisfactory (S): Bulls which equal or surpass the minimum thresholds for scrotal circumference, sperm motility and sperm morphology, and which do not show genetic, infectious or other problems or faults which could compromise breeding or fertility.
- Unsatisfactory: Bulls which are below one or more thresholds. Also, bulls which show genetic faults or irrevocable physical problems (including infectious disease) which would compromise breeding or fertility.

4. BRUCELLOSIS: Brucellosis testing is not required. However, if a bull is purchased by someone from a state requiring brucellosis testing for entry and the bull does not have a certified brucellosis test, that bull will be subjected to the one day brucellosis test procedure in Fallon, and all expenses will be the buyer’s responsibility.

5. TB: TB testing is not required. However, if a bull is purchased by someone from a state requiring TB testing for entry and the bull does not have a certified TB test, that bull will be subjected to the three day TB test procedure in Fallon, and all expenses will be the buyer’s responsibility. California TB status has been down-graded from a TB Free State to Modified Accredited status.

6. GENETIC DISORDERS: All bulls that are potential carriers of breed associations’ recognized genetic defects must be tested. Carriers are not eligible for the sale. Results of the tests must be submitted by December 1, 2015.
1. Stock is held at buyer’s risk from the time of sale. Buyers will be responsible for making feed arrangements with Fallon Livestock Exchange for any bulls remaining on the sale grounds after 10:00 a.m. Sunday.

2. Buyers who can prove they purchased a bull, which is a non-breeder, should contact the consignor within 90 days of the sale. If the consignor cannot prove the bull to be a breeder, the consignor is to make satisfactory settlement with the purchaser. Except for transportation between the purchaser’s ranch and Fallon, which will be paid by the purchaser, all other expenses incurred, including transportation, vet examinations, and transfers will be paid by the consignor.

3. Sifted bulls may only be sold after the conclusion of the sale. All bull sale transactions must go through sale office.

4. Only bona-fide bids will be accepted. All buyers must obtain a buyer’s number from the office at Fallon Livestock Exchange prior to bidding. Misunderstandings or disputes as to bids will be settled by the auctioneer. If there is doubt as to the bid, the auctioneer will cancel all bids and reopen the sale of the lot. In bidding, no increase in bid of less than $5.00 will be considered on any bulls.

5. Terms of this sale are cash, check, or credit card and must be paid in full the day of the sale, unless other arrangements have been made with the Fallon Bull Sale Committee Chairman or Sale Secretary. Make checks payable to the order of: NEVADA CATTLEMEN’S ASSOCIATION.

6. Sale sponsor will make every effort to conduct the sale in an honorable manner, will not allow false practice or false bidding, and will strive to protect buyer and seller in every way possible, but the sponsoring organization will not assume any liability whatsoever, under any circumstances.

7. No bulls will be released for shipment prior to the close of the sale for any reason (excepting for severe animal health reasons, e.g. broken leg).

8. The registration certificates and transfers will be mailed to the appropriate Breed Associations immediately after the sale by the sale office.

9. Buyers must obtain a Brand Inspection certificate from the onsite Band Inspector, and a Health Certificate from the Sale Veterinarian for those bulls being transported out of Nevada. Only Brand Inspections are required for in state transportation.

Contributions for the “Dues Calf” During Its Auction at the Fallon Bull Sale!

For those persons who contribute a payment for a “Dues Calf” will receive one free NCA membership certificate. If the contribution does not exceed the value of an NCA membership it will be considered only as a donation and a membership certificate will not be received.

415 is a standout in terms of overall performance. He is big footed with some extra bone and the added muscle to go with it. Excellent carcass EPDs.

422 is a rednecked bull with plenty of eye pigment. Could be used on heifers. His EPD numbers are as good as they get.

439 is a total package bull. Dark red, goggle eyes, deep ribbed, and well balanced. A real cowboy bull. Perfect F1 baldy female sire.

**There is No Mama Like a Hereford-Sired Mama**

Net income of $51 more per cow per year and a 7% advantage in conception rate compared to straight Angus females. All this from a bull that is known for its fertility and easy going nature. Hereford bulls—better mamas and no headaches.

Adding Hereford genetics to your herd makes perfect business sense in a cost-driven economy. Excellent conversion, hardiness, fertility, longevity and even disposition can help reduce input costs. These Hereford efficiencies are ideal for your herd, your business and your plans for the future in the beef industry. Low-maintenance cattle, long term profit.

**Daniels Hereford Ranch**
