Livestock Financing

WORKING FOR YOU
WORKING WITH YOU

We know the unique challenges faced by the cattle industry.

After all, we’ve specialized in agricultural financing, services and programs since 1916.

Strong, stable, secure — three more reasons ranchers like you have been trusting American AgCredit for over 90 years. And counting.

American AgCredit
MONEY FOR AGRICULTURE

RENO • ELKO • FALLON

Call 800.800.4865 today or log on to AgLoan.com

A part of the Farm Credit system. Equal Opportunity Lender.
On behalf of the Fallon Bull Sale Committee, I would like you to consider this being your personal invitation to our 48th Annual Fallon All Breeds Bull Sale.

We pride ourselves on providing range ready bulls for the western U.S. and are thankful to our returning buyers and consignors for your continued support. Each year, we strive to work with past consignors and reach out to new consignors to help keep the quality of bulls we have achieved as part of this sale.

We feel with the offering in the catalog, you as a buyer can add significant value to your operation. As one of the best sales in the State, we hope to be able to meet the standards you set for your program. If there is something we can do to accommodate your program in this sale and future sales, please feel free to let the Fallon Bull Sale Committee know.

Thank you again to our loyal buyers and consignors from previous sales. I would also like to thank the Fallon Bull Sale Committee, the Nevada Cattlemen’s Association office staff and Churchill FFA for all your help in putting on a great sale.

We hope you enjoy the hospitality of the Fallon Community. Take the opportunity to watch the Invitational Stock Dog Trial, kick up your shoes at the Churchill County Cowbelles Dinner and Dance, visit with consignors about any bulls you may be interested in, and have a great weekend.

Best regards,

Chris Gansberg
Chairman, Fallon Bull Sale Committee

Sale Terms and Conditions

1. Stock is held at buyer’s risk from the time of sale. Buyers will be responsible for making feed arrangements with Fallon Livestock Exchange for any bulls remaining on the sale grounds after 10:00 a.m. Sunday.

2. Buyers who can prove they purchased a bull, which is a non-breeder, should contact the consignor within 90 days of the sale. If the consignor cannot prove the bull to be a breeder, the consignor is to make satisfactory settlement with the purchaser. Except for transportation between the purchaser’s ranch and Fallon, which will be paid by the purchaser, all other expenses incurred, including transportation, vet examinations, and transfers will be paid by the consignor.

3. Sifted bulls may only be sold after the conclusion of the sale. All bull sale transactions must go through sale office.

4. Only bona-fide bids will be accepted. All buyers must obtain a buyer’s number from the office at Fallon Livestock Exchange prior to bidding. Misunderstandings or disputes as to bids will be settled by the auctioneer. If there is doubt as to the bid, the auctioneer will cancel all bids and reopen the sale of the lot. In bidding, no increase in bid of less than $5.00 will be considered on any bulls.

5. Terms of this sale are cash, check, or credit card and must be paid in full the day of the sale, unless other arrangements have been made with the Fallon Bull Sale Committee Chairman or Sale Secretary. Make checks payable to the order of: NEVADA CATTLEMEN’S ASSOCIATION.

6. Sale sponsor will make every effort to conduct the sale in an honorable manner, will not allow false practice or false bidding, and will strive to protect buyer and seller in every way possible, but the sponsoring organization will not assume any liability whatsoever, under any circumstances.

7. No bulls will be released for shipment prior to the close of the sale for any reason (excepting for severe animal health reasons, e.g. broken leg).

8. The registration certificates and transfers will be mailed to the appropriate Breed Associations immediately after the sale by the sale office.

9. Buyer must obtain health certificate (in-state not required) from the Sale Veterinarian and a brand inspection from the Brand Inspector onsite before bulls will be released to buyer.

10. The sale will provide gifts for both buyers and consignors on the high selling bull and the buyers who spend the most money and purchase the most bulls.
SALE VETERINARIAN:
Randy Wallstrum, DVM is the Sale Veterinarian. Should you have questions regarding health requirements, you may contact Dr. Wallstrum at: Box 2001, Gardnerville, NV, 89410, 775-782-3855.

REQUIRED TESTS

1. **TRICHOMONIASIS**: All bulls must have a negative Trichomonas test within 30 days of the sale. A copy of the official laboratory report of the trichomonas tested bulls must be submitted with the health form.

2. **BVD TEST**: All bulls must have a negative test for persistent BVD infection by either ear-notch method or blood test method. This test can be done at any time and is good for the lifetime of the animal.

3. **SEMEN TESTING**: All bulls must be semen tested by a licensed veterinarian within 60 days prior to the sale. Test results must be turned in upon arrival along with other health documents. For bulls to be classified as Satisfactory Potential Breeders, they must pass the physical examination and equal or exceed the minimum thresholds in each of the following three categories:

<table>
<thead>
<tr>
<th>Scrotal Circumference</th>
<th>Morphology</th>
<th>Motility</th>
</tr>
</thead>
<tbody>
<tr>
<td>30 cm at ≤ 15 mo</td>
<td>&gt; 70 % Normal Sperm</td>
<td>&gt; 30 % Linear Motility</td>
</tr>
<tr>
<td>31 cm at 16 - 18 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>32 cm at 19 - 21 mo</td>
<td></td>
<td></td>
</tr>
<tr>
<td>34 cm at 25 mo or older</td>
<td>≥ 70% normal sperm</td>
<td>≥ 30% individual motility</td>
</tr>
</tbody>
</table>

   - **Satisfactory (S)**: Bulls which equal or surpass the minimum thresholds for scrotal circumference, sperm motility and sperm morphology, and which do not show genetic, infectious or other problems or faults which could compromise breeding or fertility.
   - **Unsatisfactory**: Bulls which are below one or more thresholds. Also, bulls which show genetic faults or irrevocable physical problems (including infectious disease) which would compromise breeding or fertility.

4. **BRUCELLOSIS**: Brucellosis testing is encouraged but not required. However, if a bull is purchased by someone from a state requiring brucellosis testing for entry and the bull does not have a certified brucellosis test, that bull will be subjected to the one day brucellosis test procedure in Fallon, and all expenses will be the buyer’s responsibility.

5. **TB**: TB testing is encouraged but not required. However, if a bull is purchased by someone from a state requiring TB testing for entry and the bull does not have a certified TB test, that bull will be subjected to the three day TB test procedure in Fallon, and all expenses will be the buyer’s responsibility. California TB status has been down-graded from a TB Free State to Modified Accredited status.

6. **GENETIC DISORDERS**: All bulls that are potential carriers of breed associations’ recognized genetic defects must be tested. Carriers are not eligible for the sale. **Results of the tests must be submitted by December 1, 2013.**

REQUIRED INJECTIONS

1. **CLOSTRIDIAL**: 8-Way vaccine within 60 days of the sale.

2. **RESPIRATORY VACCINE**: This vaccine must include Infectious Bovine Rhinotracheitis (IBR), Bovine Viral Diarrhea (BVD Type I and Type II), Parainfluenza (PI3), Bovine Respiratory Syncytial Virus (BRSV) within 60 days of the sale.

3. **IVERMECTIN**: All bulls must have an Ivermectin injection (1cc per 110 lbs) or pour on (1 cc per 22 lbs) within 60 days of the sale.

OFFICIAL INTERSTATE HEALTH CERTIFICATE

Each consignor must submit a “blanket” official interstate health certificate signed by a licensed veterinarian listing each individual animal in the consignment. (One official health certificate may cover all animals for an individual consignor.)

HEALTH FORMS

Health forms are mailed to the consignors in January 2014. All requirements must be met. A licensed veterinarian must fill out and sign the forms. **All tests must be completed and turned in with the brand inspection and health papers to the Sale Secretary by 5:00 pm on Thursday, February 13, 2014.** All bulls will be on one form.

Phil Allen was born and raised on a ranch in Escalante, Utah. In 1946, he moved to Antimony, where he met and married Billie Gleave. They are the parents of 4 children, 15 grandchildren, and 4 great grandchildren. Also in 1948, Phil got his own start in the cattle business. He bought one Registered Polled Hereford heifer. From that small beginning, the cow herd has grown into the largest and oldest Polled Hereford herd in the western United States. In those 65 years, he has had tremendous influence on the cattle industry in Utah and surrounding states. Phil has always used the very best genetics possible to improve his own cow herd and also to improve purebred and commercial cow herds throughout the West. He has a keen eye for quality and a sense of what the industry needs. Because of this, Phil Allen and Son Polled Herefords has sold cattle private treaty and at sales throughout the west for over 50 years, where they have been consistent winners and sale toppers. Cattle have sold into most states west of the Mississippi as well as into Canada and Mexico.

Phil is a leader in the livestock industry. He is a man of integrity and character, is a friend to everyone, and is looked to by breeders of all breeds for advice and wisdom on how to produce cattle that will work on the sometimes harsh Western ranges. He was one of the founding members of the Utah Polled Hereford Association and served as president for many years. He was also one of the founding members of the UBIA and has served as president and is a former Seed Stock Producer of the Year. He has judged the pens and carloads at the National Western Stock Show in Denver several times, as well as numerous fairs and shows in the Intermountain West. Phil is one of the original founding members of the Utah Polled Hereford Association and served as President for many years. He was also instrumental in the merger of the Utah Polled and Utah Horned Hereford Associations. Phil was one of the founding members of the Utah Beef Improvement Association and served as president of the Utah Cattlemen’s Association Legacy Award given to one person annually for their influence on Utah’s cattle industry. He was honored by the Ogden Pioneer Days Heritage Foundation on the National Day of the American Cowboy for his contribution to the livestock industry.

Phil was on the Antimony Town Board for over 20 years, first as board member then as Mayor. He is a former member of the Garfield County School Board and also served on the BLM Advisory Board. He is an active member of The Church of Jesus Christ of Latter-day Saints and is a former Bishop of the Antimony Ward. He continues to be involved in the day to day operation of the ranch, which he now runs in partnership with his son, Shannon.

---

**MURRAY GREYS DERIVE FROM THE ORIGINS OF THE ABERDEEN ANGUS**

- Calving Ease  
- Sound Feet  
- Efficiency  
- Pre-Potent  
- Exceptional Feed Conversion  
- Great Disposition

---

**Mission Statement:**

To produce the best in range bulls to meet the demands of the commercial Western stockman. Our bulls are sound and ready to work. We grow them on good summer pasture and straight alfalfa hay. They do not receive any grain. Their Angus gene is dominant. Bred to Hereford, Red Angus and Black Angus cows they throw a high percentage of Black calves.

---

THERE IS NO MAMA LIKE A HEREFORD-Sired MAMA

Net income of $51 more per cow per year  
and a 7% advantage in conception rate  
compared to straight Angus females.  
All this from a bull that is known for  
its fertility and easy going nature.  
Hereford bulls—better mamas and  
no headaches.  

Adding Hereford genetics  
to your herd makes perfect  
business sense in a cost-driven  
economy. Excellent conversion, hardiness,  
fertility, longevity and even disposition  
can help reduce input costs. These  
Hereford efficiencies are ideal for  
your herd, your business and your  
plans for the future in the beef  
industry. Low-maintenance  
cattle, long term profit.  

Dan and Teresa Daniels

HEREFORD RANCH

An industry that helps feed the world is an industry worth fighting for... NCBA is fighting for YOU and needs your support

Join the Partnership

NCBA is and always will be a producer driven, grassroots organization that takes all policy and direction from producer members through initiatives brought forward in their state and breed organizations.

Engage in the Process

In partnership with its state and breed affiliates, NCBA is proud to represent U.S. cattle producers every day in Washington, D.C., on policy issues which are deemed priorities by members.

Protect your Legacy

NCBA is committed to protecting the future of the beef industry, its growth, profitability and its members’ ability to pass their ranches on to future generations.

NCBA members are boldly leading the beef industry into the future.

Get these exclusive NCBA Member Benefits

Discounts Up to $3,500 on Select New Holland Equipment
Discounts on Roper and Stetson Boots and Apparel
15% off Cabela’s Gift Cards
Up to $1,000 off John Deere Equipment
Caterpillar Equipment Savings
Subscription to National Cattlemen’s monthly newspaper and annual beef industry reference guide, National Cattlemen’s Directions
