

Objectives of NCA:

The Nevada Cattlemen's Association is a non-profit trade association that was established in 1935. We provide a means for Nevada's cattle industry to present a united front in issues that impact us all.

Our mission is to promote a dynamic and profitable Nevada beef industry which represents the interests of its producers and consistently meets the consumer's needs while increasing Nevada's market share.

The Association works hard to protect private property, vested water, and grazing rights. We achieve this through increased public awareness of our industry, and agriculture in general. We promote the balance of wildlife and livestock with available resources.

The Association feels strongly that the future of rural Nevada depends on healthy viable land produced by Nevada ranchers.
